Currently I'm in my last semester of Bachelor of Science (Computer science) at University of Auckland, with experience in teaching basic programming, retail and working in agile environment. I'm energetic and passionate to help others. I've got great time management skills, as well as good communication/language skills. I'm currently seeking an internship role in a computer science field which involves AI, machine leaning, testing and software deployment.

Technical Skills

Programming skills:

Python, Matlab, C#, Java, JavaScript, SQL, AI and machine learning, HTML and CSS

- I've used python for 6 years and used it to make projects in my own time.
- I've used HTML, CSS and SQL for 5 years and I used all three of these to create a website.
- I've learnt and used Matlab and C# for 2 years, in which I have created one big project in each of the language.
- I'm currently learning java along with AI and machine learning.
- If you would like to see some of what I've created, please have a look at my GitHub page: https://github.com/watefeenex

Projects:

Mar 2017-Sep 2017   Computer Science Scholarship

- Finding a client, pitching them idea according to their requirement and keeping in touch with them.
- Using HTML, Python, CSS and SQL to create a website.
- Finished a fully functional website with options to create an account and online shop.
- If you would like to view the website, visit this link: http://qmb.co.nz/

Education

2019 – Present	Bachelor of Science (Computer Science)	University of Auckland
2018 – 2019	Bachelor of Engineering (Honours)	University of Auckland
2020	AI For Everyone	Coursera - Stanford University
2015 – 2018	NCEA 1,2 and 3 with Merit/Excellence	Mount Roskill Grammar
2013 – 2015	Cambridge Form 3 & 4	Auckland Grammar School

Achievements

2021	Microsoft Azure Fundamentals certificate	Microsoft
2020	Business Analysis certificate	University of Auckland
2019	Certificate of Outstanding Achievement in Computer Science	University of Auckland
2015 – 2017	Auckland Highschool Tennis First place	Mount Roskill Grammar

Work Experience

Jan 2018-Feb 2018   **Teacher (full-time)**   **Wizkids**
Jun 2019-Jul 2019

Wizkid's is a holiday workshop which offers wide range of course for children between the ages of 6-13. I have worked voluntary to gain experience, from 8.30am to 5.00pm every day.

Responsibilities at work:
● Taking care of 8-12 children every day, some who have ADHT as well as disabled children
● Teaching children how to code, animate, make a website and assembling and coding robots
● Taking responsibility of the safety of the children at all time
● Having fun with the children outside and play games indoors when the weather outside is appalling
● At the end of the day giving the parents of the children a rundown of what their child has achieved throughout the day.

Nov 2019 – Currently   **Experienced Retail Assistant (Permanent part-time)**   **Briscoes**

Briscoes is a public retail company that sells quality and competitively priced homeware. I've started working at a brand-new store of Briscoes that opened on boxing day in Mount Roskill. The reason I wanted to work in retail was to experience working in a retail store to understand how sales work as well as how stock is managed by big companies with the use of SAP.

Responsibilities at work:
● Manage the tills
● Manage the retail team
● Handling refund, return and warranty claims
● Health & Safety
● Product knowledge
